

Chassis Core Managed Switch - AC Power Module

Specifications

Model	GNT-PA350
Power module type	Hot-swappable AC power module
Input	Input Voltage range: 100~240V / 50~60Hz
	Input current: 5A max at 100~127V/AC and 3A max at 200~240V/AC
Output	Output Voltage range: 12V
	Output current: 29A max
	Rated output power: 350W
Operating temperature range	-10°C 50°C
Non-operating temperature range	-40°C 70°C
Operating Humidity	5% ~85% non-condensing
Non-Operating Humidity	5% ~95% non-condensing
Physical Specifications	185mm*73.5mm*39mm
